BHAVANI ENTERPRISES

Bhavani Enterprises is a India's Leading Product Minerals Water Plant Project, Sewage Treatment Plant, Hospital Water Treatment Plant,Swimming Pool Solution and Reverse Osmosis(RO), 5Rs Coin Water Purifier Plant and Water Business Solution Company (Water Cooler ,Water Dispenser and Domestic Water Purifier). We are a Premier Manufacturer and Supplier India. With the Best Industry Experience, We Offer Innovative And Bespoke Solutions To Our Clients Nationwide. We aim to ensure our clients have access to the Latest Technologies and Leading Environmental Solutions to optimize their water quality, Resulting in Increased Efficiency and Extended Plant life.

Quality Assurance.

Each of our products undergoes rigorous quality checks to meet industry standards.

Competitive Pricing.

As a wholesale supplier, we provide bulk orders at highly competitive prices.

Our Quality Policy

- ✓ Provide customers with quality products and services.
- ✓ Provide products and services in time, utilizing efficient methods.
- ✓ Provide customers with the best value for their resources expended.
- ✓ Provide a system of continuous improvement across all disciplines.

Why Bhavani Enterprises?

- ✓ Bottled water projects on turn key basis.
- ✓ End to End Solutions for Bottled water projects.
- ✓ A single source for complete quality systems needs of Bottled water Manufacturers.
- ✓ All machinery under one Roof.
- ✓ Consultancy Services
- ✓ The company owns a Manufacturing Factory & Work Shop.
- ✓ Experienced Engineers & Technicians.
- ✓ Annual Maintenance contract services.
- ✓ Round the Clock Service Backup.

We Begin with consultancy

What we do ?

Source / Site selectoin | Building Design and Planning | Execution
| Site construction monitoring | Periodical site visit & advises.

Processing and Packing Machinery-Supply |
Erection and Commissioning.

Lab Installation | Training for Quality control
person (on site) | Instrument Calibration and
Certification | Product Standardization |
Shelf life studies | Sample testing
Co-Ordination.

Guidelines & Support

Project Report | Pollution control board |
Ground water authority | FSSAI licence &
other related activities

Documentation | Paper compilation | License
application preparation | Filing and Follow-ups |
Pre-inspection - Audit | Inspection co-ordination |
File & Record Maintenance | Periodical factory visits &
Audits | Licence renewal & other licensed related activities |
OSL testing & reports (NABL laboratories)

Water

Purification | Treatment System

We can offer you state-of-the art Water Purification Systems for Bottled Water Industry which confirms to the standards set by BIS (Bureau of Indian Standards), WHO (World Health Organization). Our water purification system can be designed for any capacity from 1000-LPH to 50000-LPH

- Reverse osmosis
- Ultra & Nano Filtration
- Desalination
- Softening
- Ultra Violet and Ozonation

FEATURES

- Water Processing System designed as per WHO/ISO/BIS Standards
- MOC: Stainless Steel (304L & 316 Grade), Food Grade Certified Material & Components
- Excellent water works Engineering principle
- High Quality Filtration Media and Membranes
- World leading branded - Motor | Pumps | Valves | Components
- Inbuilt CIP System
- Ultra Violet and Ozone disinfectant system
- Low maintenance and durable

AUTOMATIC PET BOTTLE FILLING MACHINE

FEATURES

- Mono Block Rotary Machine
- No Bottle No Rinsing No Filling & No Capping
- Non Contact Sensors for Bottle Counter
- Neck Holding
- Separate Cap hopper
- MOC - SS 316 & SS 304
- PLC Panel (Optional)

S.no	Model	30-50 8pm	40-60 8pm	60-90 8pm	90-120 8pm	120-150 8pm

2	Rinsing, Filling, Capping Heads	6,6,3	9,8,4	12,11,4	15,15,6	20,20,8
3	Range	200 ml to 2000 ml				
4	In feed Conveyor in feet	5	5	10	10	15
5	Out feed Conveyor in feet	15	15	20	20	25
6	Machine Type	Fully Mechanical				

SEMI I AUTOMATIC PET STRETCH BLOW MOULDING MACHINE

FEATURES

- 900 - 3600 Bottles Per Hour
- 2 Cavity I 4 Cavity
- Pneumatic clamping system - wedge lock type.
- Compensation mechanism for mould locking to avoid parting line.
- Pneumatic Stretching Unit System with variable stretch pressure setting.
- Branded PLC
- Branded Electrical components
- Separate blow and pre-blow control for bottle recipe setting.
- Energy saving centralized Infra-Rays Preform Heating system.
- Blown air recovery system for energy saving.
- Easy maintenance, simple in operation and Low noise.
- Compact in construction for low space occupation

AUTOMATIC JAR FILLING MACHINE

FEATURES

- 200 - 600 Jars Per Hour
- Fully Stainless Steel Construction
- Fully Automatic Control System - PLC Based.
- Jar Cleaning - 5 Stages (Outer Wash 2 Stages, Inner Wash 2 Stages, Product Water Rinsing 1 Stage)
- No-Jar, No Fill Feature
- Compact Size, Robust Design
- Easy Cleaning And Maintenance
- Lesser Number Of Operator To Manage The Machine
- Oil And Grease Free
- Lubrication Only At FRL Unit
- Advanced Safety Features

QUALITY CONTROL LABORATORY

FEATURES

- Laboratory Is Designed As Per WHO | ISO | BIS Specification & Standards
- Analytical Instruments | Laboratory Equipments | Lab furniture's
- Chemicals | Glassware's | Lab Utensils
- Complete Lab Setup & Training Will Be Provided for
- Bottled Mineral Water Projects (As Per Indian & International Standards)
- Complete Lab Setup is Supplied Based On The Consumer Requirement

BOPP LABELLING MACHINE

FEATURES

- Durable and Compact Design
- Anti Vibration and Noise Absorbing Construction
- Rotary Machine Design
- Non Contact Hot Melt Dispensing System
- Precision Cutting at Any Speed
- Cutter can be Easily Adjusted and Replaced

SEMI | AUTOMATIC SHRINK WRAPPING MACHINE

FEATURES

- Semi Automatic / Automatic
- 6 To 9 Packets Per Minute / Inline With The Bottle Filling Machine Output
- MOC - MS powder Coated
- Power Requirement - 25 KW
- Reliable | Low Maintenance

BATCH CODING MACHINE

FEATURES

- Consistent Print Quality For General Coding Needs
- Dynamic Calibration - Automatically Adjusts Printing Parameters For Change In Temperature / humidity Conditions
- Easy To Operate - User Friendly
- No Mess | No Waste | No Mistakes
- Inks For Unparalleled Performance

ACCESSORIES | SPARES | CHEMICALS | MACHINES FOR BOTTLED WATER PLANT

Membrane

Micron Filter Cartridges

Antiscalant

PH-Correction | Booster

Added Chemicals-Taste | Minerals

RO - Cleaning Chemicals

Dosing Pump
